Subject: Zoning meeting

County Commissioners:

I would like to have an explanation as to why tonight's meeting on zoning and putting it to a public vote has been canceled. It sounds like you do not want to hear the public's opinion or as it appears the unanimous opinion on your nightmare zoning plans. You were elected not to have ultimate power over the residence of Ravalli County, you were elected to uphold their desires and help us obtain what is best for all of our futures.....not just your own agendas. What are you so afraid of?

Actually allowing the public to vote.....which is my desire.....would give us confidence in you as serving us.....the people who voted for you.

Voting is democratic and what a democracy is about. Since this is such a serious and volatile issue I would think you would want to put it up to a vote. This whole situation is a train wreck waiting to happen and I would think you would want to retain your jobs and positions as commissioners.

Either let us vote or "round file" this nightmare plan you are considering.
